

Summer STAAR for Conroe HS Students

Please note that due to construction, all STAAR testing in June for CHS students will be held at the CHS 9th Grade Campus!

How do I register for June STAAR testing?

Follow the link below to complete the Google form for CHS Summer STAAR Registration:

<https://goo.gl/forms/HufMtMMiOdpvN4Mz1>

****Registration will be closed on May 31st in order to allow us time to plan for testing.**
****Please only register if you plan to attend. We do not have the staff in the Summer to have everyone sign up “just in case”.**

When is Summer STAAR testing?

- **Mon, June 19 - English I** and **US History** (for students needing both, US History will be moved to Thursday the 22nd)
- **Tue, June 20 - Algebra I** and **Biology** (for students needing both, Biology will be moved to Thursday the 22nd)
- **Wed, June 21 - English II**
- **Thu, June 22** - Only students with conflicting tests on Monday or Tuesday

What else do you need to know about Summer STAAR?

- Because there are no Summer School classes at CHS this year due to construction, **there will be no buses available for transportation to or from Summer STAAR testing.**
- **There is no makeup testing for absences during Summer STAAR.** Students must come on the assigned day, or test again next December.
- **Students should show up for testing at 8:00**, and they will then be directed to their assigned room at CHS 9.
- Most tests are assigned for 4 hours (Algebra I, Biology, US History), or 5 hours (English I and II), but students will be allowed to leave once they have finished. **Please have a ride available for pickup when your student finishes.**
