## Canvas

Canvas is a way to simplify teaching and learning by connecting all the digital tools teachers use in one easy place. Students are able to see their courses, assignments, modules, and they can also submit work.

Canvas is also a tool that allows parents to be enrolled as an observer in their child/ children's courses. In Canvas, parents will have limited permission that will allow them to see what is going on in the course without interrupting the flow of the daily communication. Parents will not be able to submit work on behalf of their children, but they can view grades, upcoming assignments, read announcements and discussions, and the course calendar.

Parent log in is the same as your Parent Access account, you must have Parent Access set up before going into Canvas.

### Creating a Ticket in Canvas:

Parents if you are able to log into Canvas but are not able to view what you need, please submit a help ticket. You can do this by clicking on **Help** then click on **Report a Problem**. CISD will process the ticket.

# Student Parking- watch the website for dates

Good attendance increases student learning. In an effort to improve attendance and tardies, juniors and sophomores that have been perfect attendance for the Spring 2019 semester will receive first priority for parking. Juniors (Class of 2020) would pick first followed by sophomores (Class of 2021).

Next juniors and sophomores with 3 or fewer absences. Students with more than three absences would get to select their parking slot after the students with good attendance.

Absences such as HCP, College Visit, Funeral and UIL would not count against students.

Doc (doctor notes), E and U would count against students.
